

ETHD to Hold Public Meetings on Future of San Leandro Hospital

Eden Township Healthcare District will hold public meetings on the status and future plans for San Leandro Hospital. There has been much discussion regarding the hospital's future due to on-going financial losses and decreased utilization. Until now confidentiality agreements among key stakeholders, Eden Medical Center, Sutter Health and Eden Township Healthcare District, have prevented the parties from sharing details with the general public regarding the disposition of the San Leandro Hospital.

While the future of SLH is still unclear, Sutter Health and the Eden Township Healthcare District are diligently working toward a solution for the hospital so its commitment to provide quality health care continues to meet the needs of the communities it serves. The District does not have absolute control over the future of SLH. In an effort to clarify its role and responsibility within this process, and review again the original intent for San Leandro Hospital (as outlined in the 2004 Term of Agreement with Sutter Health), the District has scheduled three Town Hall meetings in June. The forums, open to the public, will provide the opportunity to share information, previously held confidential, regarding SLH negotiations, as well as hear from local residents and other parties interested in the hospital's future.

ETHD Town Hall Schedule

Monday, June 8, 2009	6:00pm - San Leandro Public Library*
Thursday, June 11, 2009	1:00pm - San Leandro Public Library
Monday, June 15, 2009	6:00pm - San Leandro Public Library
